REPORT

OF THE

COMMITTEE ON ACCOUNTS AND FINANCE.

The undersigned, Committee on Accounts and Finance of the City Councils of the City of Nashua, have this day examined the accounts of George E. Gage, City Treasurer, and find the same correctly cast, and each payment properly vouched by a Treasury order for the same, corresponding in amount with the vouchers in the hands of the City Clerk of said city.

We have also examined the sources from which the income the past year has been derived, and are satisfied that he has charged himself with the entire amount paid to him as City Treasurer, and has made a correct exhibit of the same in detail.

We find the balance in the hands of the Treasurer to be eleven thousand eight hundred twenty-seven dollars and seventy-two cents.

CHARLES HOLMAN,
JOHN K. HOSFORD,
E. O. BLUNT,
F. A. EATON,
W. H. GREENLEAF,
JOHN CROSS,

Committee on Accounts and Finance.

NASHUA, January 11, 1879.

REPORT

OF THE

COMMITTEE ON ACCOUNTS AND FINANCE.

The undersigned, Committee on Accounts and Finance of the City Councils of the City of Nashua, have this day examined the accounts of Frederic Kelsey, City Treasurer, and find the same correctly kept, and each payment properly vouched by a Treasury order for the same, corresponding in amount with the vouchers in the hands of the City Clerk of said city.

We have also examined the sources from which the income the past year has been derived, and are satisfied that he has charged himself with the entire amount paid to him as City Treasurer, and has made a correct exhibit of the same in detail.

We find the balance in the hands of the Treasurer to be seven thousand one hundred twenty dollars and sixty-five cents.

CHARLES HOLMAN,
JOHN K. HOSFORD,
E. O. BLUNT,
F. A. EATON,
W. H. GREENLEAF,
JOHN CROSS,

Committee on Accounts and Finance.

NASHUA, N. H., Nov. 27, 1878.

CITY TREASURER'S REPORT.

To His Honor the Mayor
and the City Councils of the City of Nashua:

GENTLEMEN:

I herewith submit the account of receipts and payments made at the City Treasury from February 1, 1878, to December 31, 1878.

I also have the honor of submitting a statement of The Noyes Prize Medal Fund.

Respectfully submitted,

GEORGE E. GAGE,

City Treasurer.

CITY MARSHAL'S REPORT.

To his Honor the Mayor and the Honorable Board of Aldermen:

GENTLEMEN: I have the honor to submit herewith the annual report concerning the watch and police departments of the city of Nashua for the municipal year ending December 31, 1878. In it your honorable body will find some explanations and suggestions relative to the appropriation for the city watch, and a complete summary of such matters as are deemed of public interest and usually prepared for publication in the annual report of the doings of the officers of the various departments of the city government.

WATCH DEPARTMENT.

The expenditures and appropriation of this department from February 1 to December 31 are as follows:—

Pay roll of officers	$4,032 00
Annual appropriation	3,800 00
Overdrawn	$232 00

In justice to my predecessor, who served from April 1 to November 18, and as a matter of general information to your honorable body, and the tax-payers, an explanation should be made and attention called to the pecuniary outlook of the municipal year upon which we are entering. When the appropriation was made it was with the understanding that inasmuch as the night watchmen were required by a city ordinance to "light and extinguish the street lights and keep the lamps in good order and condition," an amount equal to the pay of one man should be charged to the account of lighting streets. Early in the year the city councils made a contract with the Gas Light Company by which the watchmen were relieved of this duty, and the account of lighting streets of the expenditure heretofore mentioned. But

one thing could be done, and that was to put the watchman's name upon the pay-roll. City Marshal Crowley did so, and the result was he overdrew the appropriation $232.00.

These facts lead me to the conclusion that unless the appropriation is increased for the present municipal year the deficit must necessarily be in proportion to that of the number of months, (four, I think,) which the extra watchman's name appeared upon the pay-roll. In short, the regular pay-roll of this department will amount to $4,380; adding incidental service, by which I mean the nights of the 3d and 4th of July, when all the police force is required for duty, and occasions of public excitement, when it is necessary for the protection of life and property to double the watch, the amount needed cannot be less than $4,600.

POLICE DEPARTMENT.

For this department of the public service no appropriation is made, it being understood that its expenses shall be paid from the money received in fines and costs through the police court. The expenditures and receipts are as follows:—

Pay roll of officers, food for tramps, horse hire, etc.		$1,015 45
Fines and costs paid to City Treasurer .	$411 40	
Cash paid City Treasurer by Clerk of Police Court	129 57	
Cash received for keeping Rockingham County prisoners	4 00	
		544 97
Deficit		$470 48

It will be seen by the facts and figures given that this department cannot be otherwise than a source of constant anxiety to its head. The income is uncertain, and inasmuch as it is charged with all the expenses incurred in out of town travel in pursuit of thieves and other criminals, together with horse hire, telegraphing, printing, stationery, food for transient persons, weapons of defence, etc., it is a difficult matter to keep the expenditures below the receipts. The officers of this department are largely of a class of men who have had experience in watch and police duty. They understand what is required of them and therefore I have every reason to believe they will perform judicious service in preserving the peace and protecting the citizens in their rights and property.

NUMBER OF ARRESTS AND CAUSES.

The whole number of arrests during the year was two hundred and eighty-two (282) and the causes as follows:

Intoxicated persons	133
Larcenies	26
Vagrants	15
Violations of the liquor law	12
Burglary	11
Assaults	9
Common Drunkards	8
Noisy and disorderly persons	7
Assault on officers	6
Assault and battery	6
Noisy and disorderly	5
Breaking and entering	4
Malicious mischief	4
Truants	4
Keeping disorderly house	3
Obtaining goods under false pretence	3
Suspicious persons	3
Forgery	3
Adultery	2
Obtaining money under false pretence	2
Escaped convicts	2
Stubborn children	2
Violation of the Sunday ordinance	1
Street walking	1
Disturbing the peace	1
Vagabonds	1
Assault with intent to kill	1
Fornication	1
Insane	1
Arson	1
Bigamy	1
Tramp	1
Abduction of child	1
Indecent exposure of person	1
Total	282

The number is one hundred and ninety-eight less than in 1877. The figures show fifty-one cases less of intoxication against a decrease of ninety-nine the previous year. These latter facts should be a source of pride and satisfaction to those of our fellow citizens who have labored assiduously in the cause of temperance. The summary also shows a large decrease in the number of State cases.

DISPOSAL OF CASES AGAINST PERSONS ARRESTED.

The complaints against those arrested for the various offences enumerated were disposed of as follows:

Discharged by the Marshal, on probation . .	120
Paid fine and cost	30
Committed to the City House of Correction .	24
Sentence suspended by the court . . .	21
Complaints not sustained	20
Committed to County House of Correction .	18
Committed to County Jail	15
Permission to leave the city	11
Furnished bonds to appear at Court . . .	9
Committed to Reform School	8
Escaped prisoners returned	2
Cases nol pros'd	2
Committed to Insane Asylum	1
Furnished bonds to keep the peace . . .	1
Total	282

The greater number of those discharged on probation were in custody for the first time and their offence was intoxication. The custom of giving such persons a chance to sign the pledge and reform has been continued by my predecessor, and I am assured that good results have followed. In this connection thanks are due to the active members of the several temperance bodies of the city, who have interested themselves in behalf of the unfortunate, and performed good service in saving men from the evil of intemperance. The manner in which the other cases were disposed of by the court calls for no special analysis. All that need be said is the observation of every fair minded man, viz.: the Hon. J. B. Fassett, Justice of the court, has always tempered justice with mercy and exercised a commendable discretion in suspending sentence when there was a family to suffer or a hope of reformation.

INCIDENTAL SERVICES.

The incidental service of the departments, aside from numerous duties of which no record is required, were as follows:

Intoxicated persons helped home . . .	72
Disturbances quelled without arrest . . .	44
Dangerous sidewalks reported	25
Stores found open and secured	25
Obstructions removed from sidewalks . .	21
Lost children restored	9
Drains, vaults and other nuisances reported .	8
Obstructions removed from streets . . .	7
Dangerous streets and buildings reported . .	5
Fires extinguished without alarm . . .	1
Dead body recovered and taken to City Farm .	1

The value of lost and stolen property reported aggregated $1,566.00; the value of the same recovered amounted to $1,246.00.

TRAMPS.

The number of transient persons furnished with food and lodging was ten hundred and thirty-four. The following statistics, showing the number of tramps for the thirteen years last past, are given as a matter of general information.

	1866	1867	1868	1869	1870	1871	1872	1873	1874	1875	1876	1877	1878
Quarter ending Mch. 31	22	44	47	113	124	115	112	244	349	216	105	337	400
" " June 30	81	48	65	95	75	80	87	158	282	231	163	250	519
" " Sept. 30	47	42	65	114	85	54	96	94	161	66	142	124	67
" " Dec. 31	68	73	98	128	123	107	252	265	305	107	225	450	48
Total,	218	207	275	450	407	356	547	761	1097	620	635	1161	1034

It should be explained that the tramp's excuse in 1874 was that he was seeking employment on the Nashua & Rochester railroad, and in 1877, and during the first six months of 1878, his excuse was that he was in search of work on the Manchester & Keene railroad. These enterprises undoubtedly attracted a larger number to this vicinity than would otherwise have required the hospitality of a police station.

The "evil," however, was a growing one, and the independent deportment of these wayfarers had become so obnoxious to the people that the legislature deemed it expedient to enact a law making it a State prison offence to wander about the State. It will be observed that the evil which the legislature sought to abate is almost entirely eradicated, the number of persons

applying for food and lodging during the past six months being only about one in five as compared with last year, and about one in three as compared with 1876. That the "Tramp Act," so called, has proven a success in ridding the State of a class of individuals who were annoying and often dangerous to housekeepers and people residing apart from thickly settled communities, there is no manner of doubt.

IMPROVEMENTS.

On assuming the duties of the office to which I was elected by your honorable body, I called the attention of the committee on Lands and Buildings to some needed improvements in the City Marshal's office. The improvements desired were for the better accommodation of the Police Justice and those in attendance on the court. There was no division in the room, and whenever an exciting trial was taking place the court was annoyed by reason of the difficulties attending the keeping of the thoughtless persons at a proper distance from counsel, witnesses, officers and respondents. It was suggested to the committee that the floor of about one half of the room be raised eight inches and division made by a three foot sheathing, with a rail at top and proper gates for admittance. The committee agreed that the improvement was needed and had it made at once. The desks and furniture of the office are mostly inside the enclosure, and are used in common by the Police Justice, myself, and those who have business with the department. It has proved a great convenience and for it I am desired by Judge Fassett to thank the committee. My own thanks are also due and accorded.

CONCLUSION.

There were several changes in the roster of the department during the year—Major Timothy B. Crowley serving as City Marshal from April 1 to November 18—and consequently I have found it a difficult duty to give a complete explanation of its affairs. However, the facts and figures contained in this report are believed to be substantially correct, and in that view are respectfully submitted.

Thanking your honorable body for the honors and favors conferred upon me, I am your most obedient servant,

WILLIAM O. CLOUGH,

City Marshal.

NASHUA, N. H., January 1, 1879.

ANNUAL REPORT

OF THE

BOARD OF HEALTH.

To the Honorable Board of Mayor and Aldermen :—

GENTLEMEN :—The short time the present Board of Health has been in office does not furnish sufficient *materiel* to make an extended report of its doings during that period. There have been a few cases presented to its notice of openings in sewers from which offensive odors escaped greatly to the danger and disgust of those recognizing the fact. The openings were not secured by traps. Another complaint was entered, referring to an American family residing in a distant part of the city, the members of which lived in a most filthy condition, far exceeding in nastiness and dirt a fourth-rate pig-pen. The Board improved the condition of affairs in this case as well as could be done under existing circumstances.

There are two important points it is desirable that your Honors should consider in reference to health matters. The first and most important is sewers and the introduction of traps in their openings. It is well illustrated in sanitary literature and by oral instruction of teachers of sanitary science, that the refuse in sewers generates a deadly gas that carries with it germs supposed to induce diseases of a contagious character, such as measles, diphtheria, scarlet, typhus and other fevers. The decomposition in a moist and warm atmosphere of animal and vegetable garbage also engenders an exhalation containing similar germs. A person in a reduced tone of his or her system, or young children, when exposed to this source of disease, will be very likely to contract an illness that would render them prostrate for many days and cause death in those of tender constitutions. Therefore it is of grave importance that so far as it is in the power of the government of this city, all means within its control should be used to guard against the formation of this evil.

It is suggested that a liberal expenditure may be made in increasing the number of sewers and to furnish traps to the openings in those now in existence, also that all sewers constructed hereafter shall not be considered complete until each opening is secured by a reliable trap. It is an admitted fact that water or other fluids will not "run up hill" or move rapidly on a slightly inclined plane, consequently these sewers which were built almost horizontally, should occasionally, during the warm and dry season approaching, be drenched with water. This may readily be done by detailing a "steamer" to force water into the most elevated openings of the flat sewers. By this means the filth may be forced from them into others having a greater inclination. Pertinent to these remarks we quote from a former report, referring to sewer and drains, the following important statement: "A well-drained city with perfect sewerage must necessarily be a healthy one and ts death rate low." The second point is that in reference to keeping swine in the compact part of the city. It is an undoubted nuisance, and is the cause of great annoyance to the citizens during the summer months. It is recommended that a stringent ordinance should be passed prohibiting the growth of swine in the city proper, unless they are kept in a stable or barn cellar, where the noxious vapors cannot readily escape. Other cities are exempt from the "hog question," why not ours?

INVOICE OF GOODS AND CHATTELS.

The following is a complete invoice of the goods and chattels in our possession at the pest house belonging to the city:

2 feather beds	$25 00	1 bean pot	15
13 sheets	6 50	3 cups and saucers	25
13 pillow slips	25	3 oil lamps	75
13 comforters	26 00	1 large platter	50
7 bolsters	14 00	2 sadirons	1 00
15 pillows	15 00	2 tumblers	25
10 mattrasses	30 00	1 tunnel	10
8 bedsteads	16 00	2 tin dishes	25
8 lightstands	8 00	3 tin dippers	25
7 chambers	5 50	1 bake pan	50
1 bed pan	2 00	1 fry pan	15
12 chairs	6 00	1 oil can	25
3 brooms	75	1 coal hod	50
3 mops	50	2 wash tubs	1 50
1 dining table	1 50	1 boiler	1 00
1 wood saw	75	1 washboard	25
1 saw horse	50	5 pails	50
4 stone jugs	1 00	1 cook stove and furniture	10 00
1 dust brush	25	1 coal stove and funnel	25 00
1 dust pan	25	1-2 ton coal	4 00
1 wash dish	25		
			$207 75

Respectfully submitted,

WILLIAM O. CLOUGH,
AMASA E. SANDERSON,
T. H. GIBBY, M. D., *Secretary.*

NASHUA, January, 1879.

REPORT OF THE CITY PHYSICIAN.

To the Honorable Board of Mayor and Aldermen:

GENTLEMEN:—The City Physician has but few facts to report, having been in office but a few weeks of the current municipal year. His chief duties were at the City farm. Two deaths occurred there; one being the widow of Samuel Cole, who had wandered from the farm without permission. She returned with well established pneumonia, induced by cold and want of proper food while on her journeyings to Goffstown. The disease was progressing towards a favorable termination, but the shock to her system was so great that medicine was ineffectual in preventing the sad result. The second death was that of Mr. Brown, aged eighty years. He died from the effects of a second paralytic shock. Other observations connected with this office are embodied in the report of the Board of Health, of which the City Physician is a member.

Respectfully presented,

T. H. GIBBY, M. D.

NASHUA, January, 1879.

TWELFTH ANNUAL REPORT

OF THE

TRUSTEES OF THE CITY LIBRARY.

To the Honorable City Councils:

GENTLEMEN,—The Trustees of the City Library present their annual statement for the year ending December 31, 1878, with the annual reports of the Treasurer and the Librarian.

The trustees have introduced a new feature into the Library—that of periodical literature. The list of magazines, reviews, and periodicals added for the coming year is as follows: Atlantic Monthly, Popular Science Monthly, Appleton's Journal, St. Nicholas Monthly, Canadian Monthly, New Englander, Macmillan's Magazine, Leslie's Popular Monthly, Harper's Monthly, Scribner's Monthly, Contemporary Review, American Journal of Literature and Art, Chamber's Journal, Fortnightly Review, Unitarian Review, American Catholic Review, American Church Review, Bibliotheca Sacra, Baptist Quarterly, Methodist Quarterly, Review, The Tablet, North American Review, Princeton Review, Universalist Quarterly, London Weekly Times, American Journal of Education, Vick's Floral Magazine, Cultivator Country Gentleman, the four English Reviews, and Blackwood. They are to be taken out the same as books, but must be returned in three days.

The trustees are unanimous in the belief that the enlargement of the Library Rooms is an immediate necessity. The most economical and convenient way in which this can be done will be by extending the County Records building eastward on the land owned by the city. This can be done at a moderate expense, and will afford spacious and convenient accommodations. The Committee on the Library Rooms have been instructed to obtain a plan and estimates of the cost, which will be presented to the consideration of the City government.

No doubt a separate building would be preferable for a public library to the plan suggested. It would be safer, better lighted, and probably encourage the bestowal of material aid from wealthy public spirited citizens. Such has been the effect in Manchester, Concord, Mass., and other places where a special building has been erected. The increased cost is the only obstacle, and in these times it may be thought a serious one. The subject merits, and will no doubt secure from you a thorough examination.

CITY LIBRARIAN'S REPORT.

To the Trustees of the Public Library:

The Library has been opened for the delivery of books two hundred and seventy-seven days, since the last report submitted January 1, 1878, and in that time thirty-three thousand two hundred and seventy books have been delivered, an average of a fraction over one hundred and twenty each day. Four books have been lost during the year.

Number of new cards issued	303
Whole number issued	5,228
Number of books belonging to the Library	6,908
Increase during the year	304
Number donated	1
" worn out	12
" purchased to fill vacancies	14
" rebound and repaired	144

Amount of money received and expended is as follows:

Received for fines	$76 75
" " catalogues	10 00
" " books lost	1 00
	$87 75
Paid for expressage, etc.	8 75
Balance paid into the Treasury	$79 00

Respectfully submitted,

MARIA A. LATON,

Librarian.

REPORT

OF THE

CITY SOLICITOR.

To the Honorable Mayor and City Councils of the City of Nashua:

The following are the cases, now pending in the Supreme Court, in which the city is a party or interested, and the history and condition of each case so far as I am able to give it.

Mary J. R. Barrett vs. Nashua.

Entered in the September term of Court 1875, and has been continued from term to term up to the present time.

It is brought to recover damages in the sum of $5,000 caused by the plaintiff's falling on the sidewalk, in front of the driveway of the Jacob Hall estate on Main street, when the walk was in an icy condition.

Martha A. Parker,
Elizabeth S. Parker, } *vs. Nashua.*
Clara A. Fairbanks,

Entered in May term of Court 1877, continued from term to term to present time. Action brought to recover damages to plaintiff's premises on corner of Middle and Hollis streets, caused by overflowing of the drain, running along the north side of the Worcester & Nashua railroad track, in the springs of 1874 and '75. It is claimed that the culvert through which the water of the drain passes under Middle street was defective, hence the damage.

Edward G. Tyler vs. Nashua.

Entered September term 1877. Form of action, trespass.—Brought to recover damages for injuries received from accident on Orange street while riding; plaintiff thrown out. This case is similar to Saunders *vs.* Nashua, which was tried at the September term 1878. It has been continued from term to term and is this, January term, continued without costs.

Nashua vs. Concord Railroad.

This action arises out of that of Abel P. Barker and wife *vs.* Nashua, entered in the January term 1874. At the September term, same year, the court referred it to James F. Briggs, Esq., as referee, who reported at the January term, 1875, in favor of the plaintiff in the sum of $1200. Defendent elected trial by jury, and at the September term 1875, judgment was rendered for the plaintiff in the sum of $5000. Meanwhile, before the entry of the action in court, the city by its mayor and attorney had notified the railroad to come in and defend the action, and that, if the city was made liable, it would look to the railroad for indemnity. This action, therefore, which was entered in the September term, 1876, is brought for the purpose of recovering said sum of $5000 from the said railroad which, it is claimed, the railroad, both in equity and law, ought to pay. The accident happened at the crossing of said railroad track across Temple street, on the 8th day of February, 1873. Mrs. Barker was thrown from a sleigh and severely injured.

The case has been continued from term to term till September term last, when it was marked for the court and a day set for a hearing, but on account of some misunderstanding, it was not heard. This term it is again marked for the court.

State vs. Nashua.

Entered September term, 1877. This is an indictment found by the grand jury, at said term, against the city, for neglecting to build the highway laid out at the lower end of Bowers street, near Arlington street. The case stands on the continued list.

Mary S. Williams vs. Nashua.

Entered September term, 1878, and continued to present time; brought to recover damages for injuries received in falling on the sidewalk on Main street, opposite the Universalist church, on the 29th day of August, 1878. Amount claimed is ten thousand dollars.

O. H Roberts vs. Nashua.

This action was entered in the United States Circuit Court, District of New Hampshire, at the October term, 1878. It is brought to recover damages for injuries claimed to have been received by the plaintiff, on the 6th of October, 1876, by falling into "an open cellar-way," near Greeley's block, on Main street. The amount claimed is twenty thousand dollars. It is, I understand, to be tried at the next term of said court in May.

I have not thought it necessary to include in the above the cases in which the city is sued as trustee, of which there are always some pending in the police court, and occasionally some in the supreme.

The following claims for damage from the city, have been filed in the City Clerk's office, under the provisions of the Act in amendment of chapter 69 of the General Statutes, passed at the last session of the Legislature.

Olney C. Carpenter claims damages to the amount of $150, resulting from the changing of the street grade in front of his house, on Bridle path, rear of Harbor school house, and expense of resetting fence, putting in steps, loss of loam, etc. Commencing in 1874.

Timothy Leahey claims damages to the amount of $10, resulting from defect in highway, Dunstable road, in July, 1878. Injury to person and wagon.

Asa Knights claims damages in the sum of $1,000 for injuries received on the 17th day of October, 1878; caused by his falling down the steps leading from the sidewalk, on the west side of Main street, to the cellar under Barker's building, so called.

Ellen Riley claims damages in the sum of $5,000, for injuries received on the 5th day of January, 1879; caused by her falling on the side walk on the north side of Temple street, nearly opposite Dr. Edward Spalding's residence, by reason, as it is claimed, of the icy condition of said walk.

Margaret Carpenter claims $25, for injuries received December 30, 1878, by reason of slipping down on an icy sidewalk on Railroad Square, near Woodward & Corey's harness shop.

John Cohen claims $8 damages, resulting, as it is claimed from the Commissioner's undermining said Cohen's land from the road side, in order to carry off water from Main street in October, 1877.

Emery Parker claims $25, for damages sustained to his sleigh January 11, 1879, on Main street opposite Fisher's block.

In addition to the above claims, I understand David L. Morrill intends to present a claim for $3,000 for damages received by accident on Water street, last summer.

E. E. PARKER,
City Solicitor.

NASHUA, February 10, 1879.

REPORT

OF THE

CHIEF ENGINEER OF FIRE DEPARTMENT.

ENGINEER'S OFFICE, NASHUA, Jan. 1879.

To the Honorable Board of Mayor and Aldermen:

In compliance with the provisions of section 6 of the City ordinance, relative to the Fire Department, the undersigned submits the following report for the past eleven months, during which time, owing to the change in the time of election, the Department has had three different Chief Engineers.

The records show that the Department has been called out thirty-one times, including nine false alarms, and once out of town. The fires have been as follows:

Feb. 27. James Hartshorn's house, wood; Cottage avenue; loss $300; fully insured; cause not shown.

March 24. Otterson's foundry, brick; Foundry street; loss $400; fully insured; cause not known.

May 2. House and barn of G. E. Heath, wood; Williams street; caused by the breaking of a lantern in the barn; loss $2,000; fully insured.

May 25. Barn of Mrs. Fisher on Main street; loss $1,100; insured for $500; cause, supposed to be incendiary.

June 25. Shed of P. McCarthy, Pine street; loss small; no insurance; cause unknown.

July 4. Barn on Orange street, owned by Mrs. Scripture; loss small.

July 25. Slight fire in a house on the "Acre," owned by Alexander; caused by stove.

July 26. Brush on Summer street

Sept. 22. Two houses, owned by Cross & Tolles, on, Ledge street; loss $1,200; insurance, $1,100. Also, one owned by John O'Brien; loss $300; no insurance; cause unknown. Same night a fire in Laton's building, Railroad Square; occupied by S. S. Davis, box manufacturer, loss $1,300, insured; McQuesten & Co., grain dealers; Ackerman & Reed; loss on stock light. No insurance on building.

Sept. 24. House on Worcester street, owned by T. McGirl; caused by chimney; loss inconsiderable.

Sept. 27. Shed in rear of Tuttle's block, Main street; loss small; not insured; incendiary.

Oct. 1. Cross & Tolles, lumber; on Summer street; loss $1,200; fully insured; incendiary.

Oct. 13. Goddard's building, Main street; wood and brick; occupied by Murch & Reed, J. A. Batchelder and C. A. Batchelder; losses fully covered by insurance.

Oct. 20. Lumber yard on Charles street, owned by Cross & Tolles. Loss $25; fully insured; cause incendiary.

Nov. 1. Slight fire in Mullin's building, River street, caused by an overheated bearing in G. F. Allen's mattrass shop.

Nov. 14. High street, in house owned by P. Barry; caused by lamp; loss small.

Nov. 16. Building owned by A. W. Greeley, corner of Lock and Clinton streets; occupied by Howard & Co., N. H. Foster, J. D. Bickford and G. H. Parker; total loss $1,800; fully insured cause, defective chimney.

Dec. 5. Incendiary fire in some old lumber near the North Common.

Dec. 6. City Hotel, Hollis street; wood; owned by Thomas Pearson and occupied by Alden Lawrence. Loss on building $3,000; insured; Lawrence's loss and insurance about $1,300; cause unknown.

Dec. 19. Small house on Van Buren street, owned by John D. Chandler; loss fully covered by insurance; cause, defective chimney.

There has been quite an increase in the number of incendiary fires and false alarms, and if it were possible to convict some of the originators, and make an example of them, I am sure the citizens would have less cause to fear the exploits of this class of scoundrels in the future.

APPARATUS.

I have the pleasure to report the three steamers in first-rate condition. As an addition to their efficiency, I most earnestly recommend the application (to the two in active service) of the "automatic relief valve and shut off nozzle" as a much needed improvement. The Hook and Ladder company need an extension ladder, as the only means we now have of reaching the top of the highest buildings is by lashing two ladders together with straps, which is a slow and unsafe process. I would recommend the purchase of a "Bangor extension ladder."

HOSE.

The Steward reports 200 feet of rubber hose, good; 1850 feet cotton, rubber-lined, good; 900 feet leather, good; 3100 feet leather, poor, and 1200 feet linen, very poor, used only on hydrants. I would recommend the purchase, during the coming year, of at least 500 feet of rubber-lined cotton hose, as being the best thing in use for steamers. It can be bought warranted for five years.

It is only necessary for me to say that I reiterate and endorse all that has been reported in the past few years by myself and others in regard to the water supply and hydrants, and would simply call your attention to the very large proportion of the appropriation for the Department which is paid to the Pennichuck water works.

I find the Department a unit, and the best of feeling prevails.

Herewith find list of officers and members, with number and location of hydrants and reservoirs.

Respectfully submitted,

BENJ. FLETCHER, Jr.,
Chief Engineer.

OFFICERS OF THE FIRE DEPARTMENT.

Chief Engineer, BENJAMIN FLETCHER JR.,

Age, 41; occupation, foreman at Iron Works; residence, 21 East Pearl street.

First Assistant, FRANK MARDEN.

Age, 35; occupation, trader; residence, 122 Vine street.

Second Assistant, E. E. CHASE.

Age, 33; occupation, teamster; residence, Spring street.

Third Assistant, G. R. HOLT.

Age, 37; occupation, shuttle maker; residence, Prescott street.

Fourth Assistant, E. H. PARMENTER.

Age, 32; occupation, shuttle maker; residence, Middle street.

FOREMEN OF COMPANIES.

Torrent Steamer, No. 1—FRANK E. FISHER.

Age, 30; occupation, paper hanger; residence, 62 Chestnut street.

Niagara Steamer, No. 2—O. W. REED.

Age, 37; occupation, moulder; residence, Kinsley street.

Union Hook and Ladder Co., No. 1—E. T. PERKINS.

Age, 50; occupation, tinsmith; residence, 21 Lowell street.

Pennichuck Hydrant No. 2—E. F. HADLOCK.

Age, 38; occupation, carpenter; residence, 82 Canal street.

TORRENT STEAM FIRE ENGINE COMPANY, NO. 1.

Name.	Age.	Occupation.	Residence.
